

## Members' Resolution for The Dons Trust SGM May 20<sup>th</sup> 2014

"To instruct the Dons Trust Board to devise and propose by the next SGM a process whereby two Dons Trust members are selected to act as club representatives at each match day"

### Background:

At each home and away match AFC Wimbledon are represented by a number of people, usually club board members, some Dons Trust board members and some invitees (Football League regulations allow for up to 16 in total). This usually entails seats in the directors' box, hospitality and engaging with the opposition directors and other representatives.

The purpose of this resolution is two-fold:

1. As a fans owned club we believe it is important to involve the fans at all levels and this would emphasise, to our members and to other clubs in the league, that we do not merely pay lip service to this idea.
2. There are currently precious few incentives to join the Trust or indeed to remain a member. Many incentives that have been proposed have foundered on such issues as opening us up to VAT, undermining the commercial interests of the club etc. This is a genuine incentive that is practical to implement.
