DAVID SADLER – DONS TRUST BOARD APPLICATION

Personal Statement

I'm David Sadler & I am putting myself forward to serve on the Dons Trust Board.

I have been a Wimbledon supporter since the early 1980's.

I'm a season ticket holder at Plough Lane & I have been a member of the Dons Trust since it was founded.

I live in Fetcham in Surrey. I'm married and have three adult daughters - with a recently emptied 'nest' I now have more spare time to be able to volunteer for the Dons Trust.

My professional background is in finance. I am a Chartered Accountant with many years involvement in commercial property transactions, specifically focussing on due diligence for both acquisitions & disposals.

At this crucial stage in the club's development and specifically in the light of the recently aborted proposed investment into the Club, I believe that I have the appropriate financial skills and experience to help the Trust Board to assess the Club's future options.

I also have previous experience as a school governor where I was responsible for holding the school's executive team to account. I feel that these skills are required by the Dons Trust to ensure transparency over and governance of the PLC.

The club is in a pivotal phase in its development.

I would like to be part of the team that helps it to survive & ultimately thrive, whilst retaining the fan-based ownership structure and ensuring that the Dons Trust retains control of the Club and the stadium.

Please vote for me.

David

COYD
